

Santorini Film Festival 2024

18- 20 July

The **Santorini Film Festival 2024** returns for its annual date in Cyclades' beating heart from **18-20 July**. With a rich programme of screenings and educational workshops, the three-day Festival aims to showcase independent cinema and become a vibrant meeting point.

Under the **theme “Dyadic All”**, this year’s Festival focuses on the **multifaceted nature of existence** and **cinema’s role** in presenting the contradictions that can be found in all things in life. Everything has two sides, you just have to start observing them.

Four programmes unravel the duality of relationships, community living, places and cultures as well as the ones witnessed in cosmic occurrences.

SFF2024's screenings will take place on **19&20 July in Cine Kamari** boasting a rich programme of short and feature films of various genres by Greek and international filmmakers. Being the SFF's main venue since 2018, the open-air cinema has become an integral part of the Festival's identity.

In addition, the **Santorini Film Festival** in co-organization with the Tomato Industrial Museum, D.Nomikos will hold a two-day educational workshop, which will take place in the old factory on the Vlychada beach. Run by the stop-motion animation and audiovisual educator Ioanna Giakoumatou, the **“Optical Toys” workshop** aims to introduce **kids 8-10 years old** to the history of cinema. By sketching and constructing their own toys, participants will discover what existed before the cinema and experiment with the stop-motion technique to learn the story of moving images.

Expanding in days and activities, this year’s Santorini Film Festival puts the cinema in the foreground as a medium for education and entertainment while also highlighting the power of independent films.

The SFF2024 collaborates for the first time with the innovative Greek cosmetics brand **YOUTH LAB. and Aegean Herbs, which offers herbal teas, and organic herbs from selected Greek producers**. It is important to have the support of local brands that support cultural events and activities and empower local communities. A big thank you to **Seajets**, for being the **official transfer sponsor** of the 7th Santorini Film Festival.

In addition, it is of great importance to have the support of the **Embassy of Denmark in Athens**, the **Embassy of Switzerland in Greece** and the **Cervantes Institute of Athens**.

This year's Santorini Film Festival is held under the auspices of the European Parliament and the South Aegean Regional Government.

Find more information on the Festival's official website and social media.
